College of Engineering & Technology

# YOUR PATHWAY TO SUCCESS

Our aim is to give hope and dignity through education by which character is formed, strength of mind is increased, intellect is expanded and also by which one can stand on one's feet. We train the youth to see the good in every human being and to take the best ability out of each individual, to inculcate sense of values in every student and to help every person to promote justice, peace and love in society. Annai Velankanni polytechnic college which is situated at Anguchettypalayam has got a rapid growth under the management of St. Anne's congregation of Thiruchirapalli

St. Anne's college of engineering and technology is also one of our institutions situated at Anguchettypalayam, near Panruti. The surrounding will provide opportunities for our students both for training and employment. Supporting facilities available here, give excellent opportunities for students to learn and get employed. The number of multinational companies and the global connections of various firms in this campus in the field of computer and IT engineering can help the students in getting training and placement. Our students can reap the benefits from this institute with proper coordination.

## Vision

TO BUILD a holistic society which is based on cultural values and justice through our institutions for coming out of the self centered lives to other centered life.

## Mission

TO provide quality engineering education for the rural students in and around the nation and to produce world class engineers.

To stimulate the students skill for improving their soft skills and technical knowledge according to the trends and needs of the industries.

To provide good infrastructure, consistent technical and professional enrichment of staff by creating continuous improvement in teaching process for the betterment of the students who come from the illiterate, marginalized and down-trodden families.

To provide healthy education through which character is formed, strength of mind is increased, intellect is expanded and through which one can stand on one's feet.

# Creating Leaders for Tomorrow's Technology

University: Affiliated to Anna University Thiruchirapalli.

Management: The Sisters of St. Anne, Tiruchirapalli

Location: 16km from Chennai - Tiruchirapalli National Highway and 34km from Puducherry

At St. Anne's College of Engineering and Technology, Students are better prepared to align themselves to the needs of today's society and to face global challenges. They get the opportunity to rub shoulders with technical, professional and research scholars. Many innovative practices like faculty appraisal system, faculty training programmes and research and development councils are implemented by the departments to add more value.

B.E Electrical and Electronics Engineering (EEE)

B.E Mechanical Engineering (MECH)

B.E Electronics and Communication Engineering (ECE)

B.E Computer Science and Engineering (CSE)

## Library

The College is equipped with a rich collection of 5500 books for issue and reference in various disciplines. In addition to this, the College Subscribes to 82 International journals and 12 national journals besides most leading Newspapers and Technical & General Magazines for regular reading. The library is computerized to expedite work for the benefit of students. Online Journals and Magazines are subscribed and the students are allowed to have online references.

## Hostel

The college has hostel facilities in the campus for boys and girls separately. Both hostels have amenities such as generators, water coolers, recreation centers, cooperative stores and modern steam operated kitchens that maintain high standards of hygiene. The separate dining halls are well-furnished and serve diverse Indian cuisines. The hostels have an internet and communication center for the convenience of the students. There is also a doctor on call to take care of the health exigencies of the hostels.

## Extra Curricular Activities

The college encourages co-curricular and extracurricular activities leading to the holistic development of the student. The campus is equipped with facilities to play cricket, football, hockey, volleyball, basket ball etc. Facilities for indoor games such as table tennis, badminton, chess and caroms are also available. Students are encouraged to participate in competitions at the university, state and national levels.

## Transportation

The College has its own transport facilities, including well maintained College buses, which operates smoothly in bringing our students to college in time and also in taking them back safely to their homes.

## Medical Centre

The College has full-fledged medical centre with 10 beds. Doctors are available to take care of the student's health with parental care.
